LESSONS EVENTS PLAYTIME

ABOUT OUR ADAPTIVE PROGRAM

AAG's adapted program was created to be inclusive and provide an opportunity for children with neurological or physical disabilities to participate in classes, private lessons and activities.

WHAT WE OFFER

Soaring Stars Classes

an inclusive class for children ages 3-12 years old with neurological, learning or physical disabilities. Provides an opportunity to participate in recreational classes as an individual or partnered setting. AAG coaches will focus on teaching gymnastics and ninja basics while reinforcing independence and confidence in a welcoming, fun and safe environment. A para and/or parent is required to be on the floor unless the instructor has approved individual participation.

Private Lessons

1 on 1 practice with an instructor of your choice. Special focus on the areas and events you would like to work on in the gym. Lessons can be scheduled at a time to create a less stimulating gym environment as needed. Allow for the participant to work toward the goal of joining a structured group class if desired.
